What It Means To Be A Flora-Quest Fellow

We would like to help you engage in Flora-Quest in such a way that you will be able to tap into the wealth of experiences of the organizers. These experiences include working with the Flora-Quest organizers and trip leaders to network and learn more about the bio-rich diversity of Shawnee and the Edge of Appalachia. We would like to share our experiences and values, but we also want to know that our resources are wisely being invested in the future of environmental conservation—through you.

Please plan to assist with the following in various capacities: Flora-quest registration, vendor set up and tear down, presenter set up and tear down, lunch preparation, van logistics, and species identification—all with an outgoing attitude!

Details

As an investment in your Flora-Quest education, we plan to support your experience by easing the financial burden.

Because of donor support, the following costs will be covered for you:

- ◆ Quest trips that we select for you.
- ◆ Access to presentations.
- ◆ Costs for prearranged housing
- ◆ Lunches & Banquet Dinner listed on the event Agenda

You will be responsible for your:

- ◆ Day of arrival Evening Meal
- ◆ Breakfast meals
- ◆ Transportation to and from the location for the event.
